

SHC790N

70CM UNDERMOUNT RANGEHOOD

MADE IN ITALY
Since 1948

Finish	Stainless steel with black fascia glass
Dimensions	700mmW x 323mmH x 288mmD
Installation	Undermount
Motor	1 x 250W
Max Airflow	830m ³ /hr (IEC 61591)
Noise rating	50-68 dBA (IEC 60704-3)
Illumination	2 x 1W LED
Speeds	3 + intensive
Delay stop	no
Supplied Accessories	2 x aluminium grease filters
Optional Accessories	charcoal filter part # 112.0157.242
Ducting Options	duct to atmosphere / recirculate — 150mm diameter ducting required
Power	220–240V, 50Hz 0.17A
Warranty	Five years parts and labour

Options

SHC590N
50cm wide rangehood

SHC790N
70cm wide rangehood

STAINLESS STEEL AND CRYSTAL GLASS

The combination of stainless steel with crystal glass is irresistible, and this Italian-designed rangehood will certainly create a statement piece in your home.

POWERFUL AIR EXTRACTION

Smeg's rangehoods have been developed to optimise performance for all cooking styles and kitchen designs. We recommend using 150 mm duct pipe for peak performance. In installations where ducting to the outside is not possible, a recirculation kit is available as an optional extra.

LOW NOISE

The design of the fan, motor and housing contribute to streamlined airflow which reduces noise levels during operation, for a more peaceful kitchen environment

PERIMETER EXTRACTION

Perimeter extraction captures vapours from the outer edges of a cooktop, making it the perfect solution for use above induction cooktops. Accelerated airflow technology ensures the most effective extraction for the most intensive types of cooking, such as steaks, stir fries or curries.
